

Port Crane **Hydraulic** Medium

HYDRAULIC UNIT

- Hydraulic unit for operation at one or two fail safe brakes
- Brake quick open function
- Easy access for manual load lowering in power fail
- Compact design

PARAMETERS

- Motor: IEC - IP 55
- Motor voltage: 400/500 VAC - 50/60Hz
- Coil voltage: 24-48VDC and 110-230VAC - IP65
- Mechanical pressure switch (Motor control) - IP65
- Mechanical pressure switch (Brake control) - IP65
- Pressure filter: 10my
- Air filter: 10my
- Tank size: 6L with level glass
- Hand pump
- Temperature: -20 to 45°C
- Junction box
- Dimension: 650 x 400 x 350 mm.
- Weight: 36 kg.
- Painting : C 5

OPTIONAL

- Tank level and temperature switch
- Pressure gauge
- Rain hood
- IP 66 cabinet
